MAKE A BOOK OF YOUR MUSIC

WONDERFUL NEW INVENTION MAKES THIS POSSIBLE

LOOK over your Music and see how many copies are torn up the back or frayed on the edges. Some of these pieces cost you as high as seventy-five cents each. Is it not a shame to let these creations of art go to rack and ruin? Again, try to find some piece you have not used for a long time. After a patience-exhausting, music-racking search, you find it (like the proverbial needle hidden in the hay-stack). Or again, see your piano when littered up with piles of music. Does it look at all picturesque? Is it in harmony with the rest of the room? Still again, when you turn the pages of your music are you not annoyed by the loose inner sheets constantly slipping out and falling on the floor?

All these difficulties and annoyances are overcome by using:

THOMPSON'S "LOOSHEET" MUSIC BINDER

With these you can classify your music. You may bind 10 classical selections in one volume, 10 sacred songs in another, or 10 latest popular songs in another. Your music is kept neat and tidy. The volume breaks open flat on the piano, and there are no metal parts to scratch the instrument. Then by slitting the back of the music and fastening the little gummed tongue to the innermost sheet, all the sheets are held securely in position.

Now it would cost very little, and would be a delightful evening's work to bind all your music in **Loosheets**—and remember, any song

may be easily and quickly removed or replaced, if you want to take it out at any time.

The **Loosheet Binder** is made in two sizes: **Quarto**, for regular sheet music, and **Octavo** for anthems, etc.

Most up-to-date dealers have these constantly in stock. If unable to procure these through your dealer, we will send you a sample on receipt of **20c**, postpaid.
